

ENVIRONMENTAL POLICY STATEMENT

SET Scope: *“Project management, the design and manufacture of tooling for the moulding industry”*

SUK Scope: *“The manufacture and assembly of injection mouldings”*

The Managing Directors, Directors and Managers of both Sanko Group companies accept their responsibility to develop a joint strategy, and maintain a common documented system, which ensures that their shared site maintains compliance the requirements of ISO 14001 and all relevant legislation. Particular emphasis is placed upon the elimination of environmentally hazardous substances (EHS) in compliance with ELV, RoHS and specific customer EHS requirements.

It shall be the responsibility of each Managing Director to lead their company towards achievement and maintenance of a conscious, forward thinking policy, which shall be proactive rather than reactive, in line with accepted standards, and consistent with other site based systems, i.e. Quality Management and Health & Safety.

Day to day management of the policy is assigned to the Business Manager for SET Europe Ltd, and the Operations Director for Sanko Gosei UK Ltd. However, this does not exclude the consideration, care and attention of all employees.

Each company is committed to continuous improvement in respect of minimisation of pollutants and waste generation pertinent to the site. This will be achieved through ongoing review of the nature, scale and environmental impact of site processes and by objective and target setting.

As proof of our joint commitment to a responsible and caring attitude towards the environment we shall achieve and maintain accreditation to ISO 14001. In so doing, provision for suitable training of employees and the encouragement of open communication across each organisation, shall be maintained. Each company will also work with their suppliers to control the environmental aspects of purchased products.

We shall make every effort to minimise environmental aspects in the development of our future business by the application of a “reduce, re-use, recycle” policy, in order to conserve natural resources.

This policy statement shall be made available to our customers, suppliers, contractors and other interested parties via our website at www.sankogosei.com.
